

what's new at Calista Grand

ethnic hairstyling & extensions

Calista Grand is proud to expand our services by now offering ethnic hairstyling with the addition of Dawn Pringle to our hairstyling staff. She is a nationally certified stylist with expertise in healthy ethnic hair in all of today's styles, including weaves and extensions.

This is the same model, with hair styled and extensions added by Dawn Pringle.

home massage

Our certified massage therapists now make house calls! Now you can enjoy the relaxing and therapeutic benefits of massage in the privacy and comfort of your own home.

Getting massages in your home feels wonderfully indulgent — plus no babysitter is needed, and you can head right to bed afterwards! Home massage is a wonderful gift to give, and is an especially nice treat for expecting and new moms.

get straight!

Calista Grand offers the Japanese hair treatment everyone is talking about — Thermal Reconditioning. It's a treatment that uses heat to restructure hair, leaving it silky smooth and poker straight. The process infuses moisture deep into the hair shaft while renewing, restoring, and hydrating the hair — adding shine and luster. Depending on individual hair growth, this process can last up to six months!
